## PROFESSIONAL EXPERIENCE

---

### Athena Health Care, Atlanta, GA

*Project Manager, May 2021-Present*

- Support for clients and internal teams on Athena Net implementation projects.
- Assess client needs and share best practice workflows and related documents to client during the workflow development process.
- Collaboratively plan and execute on client training programs using existing tools and training processes.
- Support client completion of deliverables while working on multiple client projects at one time.

### Yates Construction, Vinton, LA

*Assistant Project Manager, November 2020-May 2021*

- Assisted Project Manager in ensuring quality control of projects by traveling.
- Coordinating and supporting Finance Department in getting insurance claims
- Responsible for handling RFI's, Transmittals, and Submittals in a timely manner.
- Extending support during audits.

### Merrill Lynch, Kingston, NY

*Financial Advisor, September 2013-October 2020*

- Responsible for client acquisition and management of client assets.
- Utilized networking skills in order to nurture and expand my business.
- Developed communication skills with both clients as well as fellow coworkers.
- Acquired fifty million dollars in assets under management and worked on a team that oversaw assets in excess of 350 million dollars.
- Ran analysis reports on a daily basis.
- The environment of the markets required me to constantly be learning and educating my clients on which financial decisions they should be making with their accounts.
